

**New Hampshire Department of Health and Human Services
Division of Public Health Services
Bureau of Communicable Disease Control**

**Arboviral Risk Categories
New Hampshire, 2010**

**Current Arboviral Risk Levels
(as of August 31, 2010)**

- Remote
- Low
- Moderate
- High
- Critical

Interpretation of the 'remote' designation in northern and western parts of the state is limited by lack of mosquito testing in these areas.

See current Arboviral Illness Surveillance, Prevention and Response Plan:

<http://www.dhhs.state.nh.us/DHHS/CDCS/Library/Policy-Guideline/arboviral-response-plan.htm>

for additional information on how the NH DHHS estimates risk levels and community and individual prevention activities to reduce the risk of human disease from Eastern Equine Encephalitis and West Nile Virus.
