Notice is hereby given that the New Hampshire (NH) Department of Health and Human Services (the Department) is proposing to amend the Title XIX State Plan to increase the Medicaid reimbursement rate for Individual Service Option (ISO) services, effective January 1, 2023.

This proposed rate increase includes continuation of an enhanced rate for intensive ISO foster care, previously authorized during the Public Health Emergency via Disaster Relief State Plan Amendment NH-22-0012, effective September 27, 2021.

The fiscal impact as a result of this rate increase is estimated to result in an increase in expenditures for the remainder of federal fiscal year (FFY) 2023 and for FFY 2024 as follows:

Dates of Service	Non-Federal Fiscal Impact	Federal Fiscal Impact	Total Fiscal Impact
<b>Remainder of FFY 2023:</b> 1/1/2023—9/30/2023	\$673,344	\$673,590	\$1,346,934
<b>FFY 2024:</b> 10/1/2023—9/30/2024	\$897,793	\$898,120	\$1,795,913
